### [Staying healthy at home](#)

The COVID-19 pandemic means that many of us are staying at home and doing less in terms of social interactions and exercise. Here is advice to help you and your family stay healthy at home during this period of confinement.

**I'm pregnant.**  
How can I protect myself against COVID-19?

- Wash your hands frequently
- Avoid touching your eyes, nose and mouth
- Put space between yourself and others
- Cough or sneeze into your bent elbow or a tissue

If you have fever, cough or difficulty breathing, seek care early. Call beforehand, and follow medical advice.

**Nurses and midwives**  
help us live in a happier, healthier world.

Take a minute to say **THANK YOU**

7 April is World Health Day, and this year, we celebrate the work of nurses and midwives and remind world leaders of the critical role they play in keeping the world healthy. Nurses and other health workers are at the forefront of COVID-19 response. Quite simply, without them, there would be no response.
